

issues facing older Americans today are Social Security and prescription drug coverage under Medicare.

The solvency of Social Security is a serious concern for all Americans. I have consistently supported legislation that shores up and secures Social Security benefits for our older Americans. For example, I am an original cosponsor of H.R. 4671, the Social Security Widow's Benefit Guarantee Act. This bill would increase widows' and widowers' Social Security Benefits to 75 percent of the combined amount the couple had been receiving prior to the death of the spouse. In a typical case, a widow's benefit would increase by 12 percent, or more than \$100/month. The House just passed the Republican version of this bill, which is a good first step toward ensuring these benefits.

Similarly, the rising cost of prescription drugs is one of our most important health care challenges. Currently, senior citizens who pay for their own prescription medication pay more than twice as much for drugs than do the pharmaceutical companies' most favored customers. Exacerbating this problem is the fact that even though seniors use the most prescriptions, over 75 percent of seniors on Medicare lack reliable drug coverage.

Recently, both Republicans and Democrats have talked about introducing and passing legislation that provides prescription drug benefit under Medicare. I am working with my colleagues to craft legislation that would provide a voluntary Medicare prescription drug benefit, providing access for every senior no matter where they live or what their income.

Easy solutions to the high cost of prescription drugs and the solvency of Social Security do not exist. It is my hope that as the 107th Congress progresses, my colleagues will not forget about the needs of our older Americans, and will continue to work for legislation that preserves the benefits our Nation's seniors richly deserve.

HONORING DR. THOMAS MADDEN
ON HIS RETIREMENT AS SUPER-
INTENDENT OF LEMONT TOWNSHIP
HIGH SCHOOL DISTRICT 210

HON. JUDY BIGGERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 21, 2002

Mrs. BIGGERT. Mr. Speaker, I rise today to recognize and honor Dr. Thomas Madden on his retirement as Superintendent of Lemont Township High School District 210. Since 1970, Dr. Madden has given his extraordinary talents and leadership as an educator to the students, faculty, and parents served by Lemont District 210. He has served with great distinction, and I am proud to highlight his outstanding record of accomplishments.

Under Dr. Madden's leadership, Lemont District 210 has witnessed dramatic growth and maintained an outstanding, quality education for students. Through his legislative initiatives and work with the National Association of Federally Impacted Schools, Dr. Madden has helped to secure a ten-fold increase in federal impact aid—money that has gone to the direct benefit of his students and schools. He also has led the effort to secure \$26 million in construction bonds, allowing Lemont

District 210 to build new schools and facilities to accommodate significant increases in enrollment and staff.

Dr. Madden is an active participant in all aspects of the community. He serves on several local and national boards, including the Lemont Chamber of Commerce, the Lemont Area Development Council, and the National Association of Federally Impacted Schools. Dr. Madden has helped to promote a community and region that is supportive of families and local business, making our part of Illinois one of the fastest growing suburban areas in the nation. Most importantly, Dr. Madden has helped to build an education system that ensures that today's students will meet the challenges of tomorrow's global economy.

Dr. Madden embodies the values we as a nation applaud in our educators—commitment, quality, strength of character, and skill—and he serves as an excellent example to the students throughout the 13th Congressional District. I have valued his thoughts and advice on meeting the challenges of public education. I know that Lemont School District 210 is better for his leadership and I join with the students, faculty, and community in thanking him for his service and wishing him a happy and productive retirement.
